Only one (1) competitor may represent each nation. Licensed National Bodies may not submit a competitor to the World Cup Tasters Championship who was not the champion of a WCE sanctioned national championship in the preceding year, unless they receive express authorization in writing by World Coffee Events, LTD.

1.5 EXPENSES

Licensed National Bodies are required to pay the champion's flight and hotel accommodations to the World Cup Tasters Championship for the purpose of representing their country for the duration of the competition. Above and beyond this, Competitors are responsible for their own expenses related to the competition, including, but not limited to: *additional* travel and accommodation needs, supplies and ingredients, local transport, and additional personnel. The WCE is not liable for any of the competitor's expenses. If a competitor cannot afford these expenses, it is their responsibility to find a sponsor, or outside party to cover these expenses.

5.0 ENFORCEMENT OF RULES & REGULATIONS

The World Cup Tasters Championship will employ these Rules & Regulations throughout the competition. If a competitor violates one or more of these Rules & Regulations, they shall be automatically disqualified from the competition, except when the Rules designate a specific enforcement or consequence. If a competition organizer causes the violation of one or more of these Rules, a competitor may submit an appeal, according to the process detailed in the section "Competitor Protest and Appeals."

6.0 THE COMPETITION

The competition is organised as a number of triangular tests. In each triangular test three cups of coffee are set up, two of which are identical. The aim of the competition is for the participant to use their gustatory and olfactory senses to identify the odd cup out of the three. Note that the competitors are tested on their ability to distinguish different coffees, not to identify their quality, origin, etc.

During the competition eight triangular tests are placed before each competitor. The coffees selected for all eight tests will be the same for all competitors. The competitor who identifies the most "odd" cups from the eight sets will be declared the winner. In the case of a tie (i.e. when two or more competitors share the highest number of correctly identified triangulations) the competitor with the shortest completion time wins.

- A. All coffees should be medium roasted to the same degree (Agtron tile 55) and ground identically.
- B. Coffee should be prepared in a standard 1.8 litre (60.9 fl oz) drip filter brewer of a quality appropriate for the needs of the competition. The brewing temperature should be between 92-96 degrees Celsius (197.6-204.8 degrees Fahrenheit). The brewing cycle should be 4 to 6 minutes, and the temperature of the finished brew should be between 80-85 degrees Celsius (176.0 to 185.0 degrees Fahrenheit) and stored in an air-pot. The coffee should be prepared with a coffee to water ratio of 60 grams per litre. The drip brewer shall use standard tap water, provided it is of good quality without any detectable taints. The jury should decide if it is necessary to use filter or purified water instead of tap water.
- C. Cups used for the triangulations must be between 125 ml to 250ml (4.25fl oz to 8.5fl oz). The volume of coffee in each cup must be between 75 ml to 150 ml (2.5fl oz to 5.0fl oz).
- D. In a national championship the use of disposable cups is acceptable.
- E. Eight sets of triangulations will be placed in front of each competitor at the same time. The sets must be identical, but should not be placed in the same order for each competitor.
- F. The timekeeper will signal when competitors may begin triangulating. All competitors within each set will begin at the same time. The round is over when all competitors have stepped back from the table and signalled that they are finished OR after a maximum of eight (8) minutes, whichever occurs first. The timekeeper will signal when half the time has elapsed and each minute thereafter.
- G. Each competitor should stand clear of the table prior to the start of competing.
- H. Competitors must taste at least 2 of the three cups to determine the odd one out.
- I. Competitors must identify the odd cup by pushing it over the line into a separate box from the other cups in the triangulation so that it is completely clear of its previous position.
- J. The winner is the competitor who correctly identifies the most odd cups. In the event of a tie, the competitor who completed the triangulations in the shortest amount of time will be declared the winner.

7.0 COMPETITION PROCEDURE

- A. The competition space will consist of a stage with four competition tables, numbered 1, 2, 3 and 4.
- B. The competition will consist of three competition rounds: round one, semi-finals (8 competitors), and finals (4 competitors), with the top scoring competitors continuing on to the following round.
- C. The WCTC reserves the right to schedule more than one competition round in a single day (i.e. Semi Finals and Finals may be held on the same day).
- D. The competitor's scores from each round will not carry over to the next round.
- E. Each competitor will be given 8 minutes to assess the eight triangulations.

- F. Running order for the competition will be drawn from a hat for each round. Prior to each round 4 names will be drawn and these will be the competitors for next round. The order the name is drawn will determine table position (i.e. first name drawn will compete on table number 1, and so on).
- G. At the conclusion of the semi-finals round there will be a ceremony where finalists are announced and all competitors will be acknowledged. All competitors are required to attend this ceremony.
- H. After the final round there will be a brief awards ceremony wherein finalists will receive their awards.
